

Today marks the completion of the First Semester of the 2024-2025 school year! It has already been an adventurous, challenging, amazing, and successful school year. Here's some perspective:

Freshmen have completed 12.5% of their high school education.
Sophomores have completed 37.5% of their high school education.

Juniors are only 3 semesters from graduation.

Seniors are only 1 semester from graduation.

How do we measure success at Lodi Academy?

We see the academic success of our students each day in our classrooms with the excellence of the work our students produce, their ability to think, and their pursuit of greater academic accomplishments, and the amount of scholarships Lodi Academy Seniors are awarded at graduation.

We see spiritual success at Lodi Academy in the lives our students as they grow in their relationship with Jesus that impacts how they live and how they serve.

Thanks for a successful semester goes to our students, our student leaders, our teachers and staff, parents, our constituency, our school board, pastors, volunteers, and so many others that have each been an integral part of this school year.
