LODI ACADEMY

03/10/2023

Micah 6:8: "He has shown you, O man, what is good; and what does the Lord require of you but to do justly, to love mercy, and to walk humbly with your God?" God's instruction to those who love Him is to care for each other by doing what is right and living in a relationship with God. Why does Lodi Academy do so much more than academics? Because Lodi Academy's mission is to train students for serving others, following the example of Jesus. Built into the culture and the routines at Lodi Academy are opportunities for students to serve each other, and also opportunities for students to serve their communities. Here are some of the examples:

- March 20 - a team of Lodi Academy staff, students, and parents are teaming up with a group from across Northern California Conference for a mission trip to the Dominican Republic. They will be doing Vacation Bible Schools, health clinics, and building projects. - March 24- is Community Service Day for Lodi Academy. Staff and students will be doing service projects throughout our community.

Some of the highlights from this last week and a half of school include a group of students going to Walla Walla for the college experience. It was a long drive, but the group made it safely there and back, even with snow in places! Walla Walla has done an excellent job recruiting Lodi Academy students in recent years and we boast quite a number of alumni attending Walla Walla currently.

A small group of students from Lodi Academy spent some time at Pacific Union College for the Music Festival with students from across the Pacific Union Conference. Students committed to intensive rehearsals and learning music before the event. The concert at the end featured the festival choir, band, and orchestra.

A Pacific Union College representative also came this week to go over career assessment results with Juniors and Seniors. Giving our students the opportunity to do this prior to enrolling in college will hopefully be beneficial in helping them choose a major.

We also had a visit from Southern Adventist University who shared information with Lodi Academy students who are interested. Lodi Academy also has a significant number of graduates in recent years that are currently enrolled at Southern Adventist University!

Special thanks this week goes to our team of students, volunteers, parents, and staff, who each contribute to making Lodi Academy such a great school!
