LODI ACADEMY

11/17/2023

At Lodi Academy, we have so much to be thankful for!

We are thankful when we see our students reach the heights of academic success. We are thankful when we experience their creativity and share their passion for life. We are thankful when we see them overcome challenges through hard work, team support, and a commitment to never giving up, despite the enormity of the challenge. We are thankful to be a part of their experience outside of the classroom also- in athletics, music, and so much more. We are thankful for their spiritual leadership, compassion for fellow students, and willingness to serve in our community.

We are thankful for our staff and teachers who come to school each day, committed to teaching and serving our students. We are thankful for their commitment to academic excellence and understanding that each student has his or her own learning challenges and passions. We are thankful for the long hours teachers spend preparing for class and grading. We are thankful for the commitment to challenge students who are excelling and also willing to help the students who are struggling find ways to experience success. We're thankful for our staff and teachers' commitment to the events outside the classroom that are an integral part of the Lodi academy experience- trips, SA events, athletics, and so much more. We're thankful for our volunteers that make it possible for Lodi Academy to be so much more than just academics. The time given by parents, volunteers, board members, and so many others of our constituency, is incalculable.

We're thankful for the rich heritage of Lodi academy and the generations who have come before, who have kept the vision alive, made the sacrifices, and never gave up! Lodi academy would not be the school it is today without their commitment and sacrifice.

Most importantly, we are thankful to God for the opportunity to experience and be part of Christian education. While we celebrate our students' academic success, our deepest joy comes from seeing them grow in their experience with Jesus.

We have so much at Lodi academy to be thankful for!
