LODI ACADEMY

08/26/2022

Greetings Lodi Academy Families!

What a great start to our school year! We hope you are getting reports of students settling into their groove academically and socially! We have a wonderful group of students and the feeling of community with this group is already present. This week, our students have been active in many fun activities in and out of the classroom! Right now the Class of 2023 is camped out in the Tioga Wilderness creating bonds that will launch what we hope is a very special senior year here at the Academy.

At the beginning of the week, we welcomed alumni back on campus for our much anticipated alumni football games. (Check out the pictures below!) We love seeing our students come back on campus! Girls Volleyball has also started and the team played two games already this week! (See pictures on the next page!) To end the week, class elections were held for Sophomores and Juniors. This can be a bit stressful but we know these student leaders are already making great plans for upcoming activities with their peers.

Next week, please note the entire school will be going on All-School Campout Thursday and Friday. This is a very beloved trip that our students look back on fondly. More information is included below and please reach out to us with any questions you may have! May you all have a wonderful weekend!
